

**YOSEMITE
LEADERSHIP
PROGRAM**

2017 SUMMER INTERNSHIP

The Yosemite Leadership Program Summer Internship is a 12-week professional development program that focuses on leadership, professional skill development, environmental awareness, stewardship, and creating positive change.

Regardless of major or previous outdoor experience, this program gives students an extraordinary opportunity to develop practical leadership and professional skills along-side innovative leaders while living and working in a remarkable setting—
Yosemite National Park.

Applicants are required to be a currently enrolled undergraduate student, have a driver's license, be available for the entire duration of the summer internship, and must successfully complete a background check upon offer of an internship.

The Yosemite Leadership Program Summer Internship is one of the premiere internships in the National Park Service. Interns will participate in:

- Robust, skills-based professional development within either the National Park Service or the Yosemite Conservancy, an associated non-profit organization. All internships support the National Park Service mission.
- Upon successful completion of the YLPSI as well as other program requirements, participant may be granted Direct Hire Authority with the National Park Service. This is an important aspect of the program, which can provide career opportunities for participants interested in pursuing employment with the federal government after graduation.
- Weekly Environmental Leadership classes
- Experience completing professional projects from start to finish
- Experience developing and delivering a presentation as part of the Youth in Yosemite Symposium

The internship provides shared housing, an educational award, and in-park transportation to the participants' official duty station.

Specific internships will be granted based upon this application, applicant interviews, and references. Please be sure to read the internship descriptions, which are included in a separate document. Carefully fill out your application and be sure to rank your internship preferences in order of 1 through 11, #1 being your top preference, to help process your application.

The 2017 summer internship program will run from Monday, May 22 to Friday, August 11, 2017.

All Applications must be received before 5:00pm, Wednesday, March 29, 2017.
